VT MUNRO UK EQUITY INCOME FUND

Factsheet 231: end October 2026 data

Fund Objective

The objective of the VT Munro UK Equity Income Fund is to replicate the performance (before fund fees and expenses) of the Elston UK Equity Income Index. It is a UCITS fund.

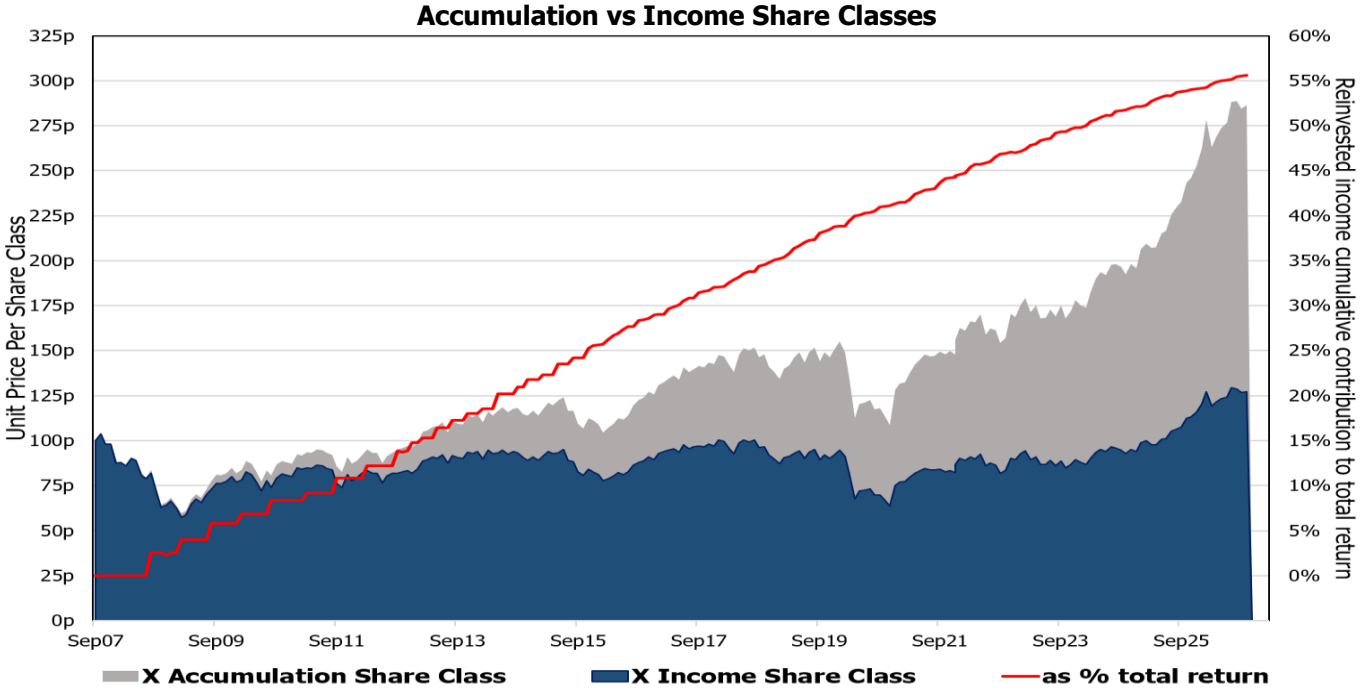

Investment Philosophy & Process

The investment philosophy is that dividends are a long-term driver of equity market total returns. The fund provides a systematic approach to UK Equity Income by investing in the UK's largest dividend-paying companies (excluding investment trusts) listed on the London Stock Exchange. Holdings are updated monthly using forward-looking estimates. The fund aims to replicate the performance of the Elston UK Equity Income Index which is constructed on the same basis. The fund pays a monthly distribution to Income unitholders. Income is not guaranteed.

Distribution Yield
(as at 30/10/2026)

For X Income unitholders, the income distributions over the last 12 months totalled 4.7038p, representing a 4.19% yield on the unit price 12 months ago, a 3.82% yield on the average price over the last 12 months, and a 3.70% yield on the share price at most recent month-end. For X Accumulation unitholders, income is reinvested.

[1]*The Elston UK Equity Income Index is a Sterling based total return index, comprising approximately 200 of the largest dividend paying companies (excluding Investment Trusts) that are quoted on the London Stock Exchange. While the full universe is initially determined by market capitalisation, the investible universe is reweighted based on contribution to total expected dividends. The Fund aims to replicate the performance of the Elston UK Equity Income Index but will not necessarily be invested in all the constituents.* The index construction is described in detail here.

Important Information:

- The value of your shares and the income from them can go down as well as up and you may get back less than you invested.
- Past performance is not a guide to future returns.
- Further information on charges and risks can be found in the KIID.
